## **AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

## **LISTING OF CLAIMS:**

Claim 1 (currently amended): A fluid coupling comprising:

first and second coupling members having respective gasket holding annular ridges on butting end faces thereof; and

an annular gasket interposed between the first and second coupling members,

wherein at least one of the first and second coupling members has a fluid channel comprising an opening passageway orthogonal to the butting end face thereof, and a slanting main passageway communicating therewith, the opening passageway having a diameter equal to the inside diameter of the gasket holding annular ridge, and

wherein the gasket holding annular ridges are <u>rounded so as to be</u> in contact with the gasket <u>only</u> at its radial midportion so as to relieve the inner peripheral portion of the gasket from stress concentration and wrinkles.
